DESCRIPTION

The exclusive Autobiography Edition provides more comfort, equipment and performance than any previous model. Its unique combination of interior and exterior features and special paint palette guarantee to make the Autobiography the most desirable Defender ever produced. The production run was limited to 80 vehicles in the UK and the Autobiography was available exclusively in the iconic 90 Station Wagon bodystyle. A power upgrade from 122PS to 150PS guarantees performance will live up to the promise of its eye-catching looks and exclusive appearance. This particular Defender Autobiography is finished in Santorini Black with Satin Corris Grey duotone paintwork and Ebony leather interior. It has covered less than a thousand miles from new, having resided in a private collection. The vehicle has been prepared for sale by our workshop here at Land Rover Classic and will be supplied with a 12 month warranty. This Defender may be eligible for export to the USA - please contact us for more information.
