### DESCRIPTION

JAGUAR MKII 3.4 litres with overdrive in excellent condition. This beautiful JAGUAR MK 2 was built on January 5th, 1967 and delivered to its first owner Capt. in the USA in the same month. Leroy J. Marlin from JAGUAR Muscats, USA. After a life in a dry climate, the vehicle was launched in Europe in 2016 and completely restored. The MK 2 was dismantled, the body was blasted, repaired, repainted to a very high quality and the cavities were preserved for a long life. The chassis, engine, gearbox and all mechanical parts were dismantled and overhauled. After restoration, the MK2 was driven for 3,000 km without any problems. The car has matching numbers with the original manual transmission. Here no automatic transmission was changed to a manual transmission at the factory. The interior was also restored to a very high quality with leather in beige with matching piping in green. The result is a MK2 in excellent condition, everything about this vehicle exudes high quality. Tested and test driven in our specialist workshop. In recent years, the MK 2 has conquered the demanding Silvretta Classic in the Alps twice. Sales on behalf of customers.
