DESCRIPTION

This 1956 XK140 started life as a 3.4 SE, finished in Cream with Black interior and went to its first owner who was based in Chicago, Illinois. The car made its way back to the UK in the late 90's, however it did not make it back onto the road until 2023. The car has been fully restored, and significantly upgraded by an XK marque-specialist. The car features it's original engine, increased in capacity to 3.8, a 5-speed gearbox, independent rear suspension, servo-assisted brakes all-round as well as power steering. A far more modern driving experience than a standard XK140, this car is well suited to contemporary driving conditions. Supplied with 12 months warranty.
