## DESCRIPTION

This E-Type Series III V12 Roadster, with matching numbers, was manufactured on January 8, 1974, in white with a black full leather interior and a black soft top. In February 1975, this roadster was handed over to its first owner and was first registered in the UK on February 12, 1975. After that, this E-Type spent the majority of its life in its home country of Great Britain. In 2008, the vehicle left the UK and was imported to Luxembourg. In September 2010, the vehicle came to its current owner in Germany. Always maintained, with several parts renewed over the years, completely original, only repainted in its original colour, and with an almost complete history, this E-Type Series III V12 Roadster with matching numbers is in technically perfect condition. Checked by our experts, it's ready to get in and drive straight away.
